

FRUEHAUF

Another Schwank Success Story

Installation details: Incumbent system comprised of 25 floor-standing cabinet heaters each rated at 500,000 Btu and fired by gas oil. System replaced by 82 Schwank Supra gas fired radiant plaque heaters as part of a Powerline 12 year CEM Agreement. New energy plant and equipment amounted to £280,000. Heating costs of £100,000 per annum cut by 50% in first year! Maintenance costs virtually eliminated.
